About CIPA

The investment Promotion Agency of the Ministry of Commerce is committed to implementing the national policy of opening-up and serving investors home and abroad, with a focus on two-way investment promotion that gives equal emphasis to both “Inviting in” (FDI in China) and “Going out”(outbound investment).

With abundant government networks and resources and new ideas of promoting investment, the Investment Promotion Agency is committed to provide systematic channel and efficient service to link the enterprises with government bodies home and abroad.

Kindly contact us for help with investment in China and abroad.

About Collaborative Development Association of National-level Development Zones Along Yangtze River Economic Belt

The Collaborative Development Association of National-level Development Zones Along Yangtze River Economic Belt (hereinafter referred to as the “Association”) was founded in Beijing on January 10, 2017.

The Association follows the guidance of Department of Foreign Investment Administration of the Ministry of Commerce and is co-founded by the Investment Promotion Agency of the Ministry of Commerce (CIPA), 11 local commercial departments along the Yangtze River Economic Belt and selected national-level development zones, with other national-level development zones along the Yangtze River Economic Belt, national-level border development and cooperation zones, provincial development zones and relevant enterprises being willing participants.

In the initial stage, the secretariat is held by CIPA and the chairman (2017-2018) is held by Shanghai Caohejing Hi-tech Park, with China Citic Group and 10 national-level economic development zones being its vice chairman and 20 national-level economic development zones being its director members.

The association is guided by the five development concepts of innovation, coordination, green, open and sharing and aims at establishing a regional cooperation platform for the development zones at all levels to upgrade the industrial structure and improve the competitiveness.
